No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

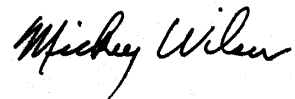

This proposed legislation would require school districts to restrict access to personally identifiable student records to authorized school district employees and persons otherwise authorized by state or federal law. The records could be made available to persons not employed by the district only upon written authorization from the student's parent or guardian, the student if age 18 or older, or in response to a subpoena. The proposal does not apply to records relating to the reporting requirements imposed on juvenile officers (Section 167.115, RSMo); principals, teachers, and school employees (Section 167.117); or the reports required by a school district's disciplinary policy (Section 160.261).

This legislation is not federally mandated, would not duplicate any other program and would not

require additional capital improvements or rental space.
